“ *I got to know Aaron through his mother Lois and further when he moved to Florida. He was a very accessible and engaging person who would do anything for anybody. The loss of a person like this leaves a big hole and his absence diminishes us all. Rest in the peace where no suffering exists. Charlotte Hilker*

His memory will live on at Kingswood. His time here with his Florida family was bittersweet. Loved his interest in glassware and art. My heart goes out to all who love and miss him.*

I wish I had known Aaron longer. I loved his passion for art, sports, AND family. He was so kind and thoughtful to all he met. He fixed my unfixable neck flashlight and I will always think of him each night I use it! No words can be said to make the loss hurt less. Know that your family is treasured and loved!
