“ *To the Sherwin and Papa family, it is with my deepest regrets that I cannot be here today for my good friend Tony. I have tested positive for Covid for the first time this week. My friendship with Tony goes back over 55 years and I always loved the man. A very talented person he was, he could fix or make anything he put his hands on. A very generous guy too. It sadden me over these last several years to see how his health had deteriorated , but I need ti focus on the good times with my friend. I'll miss you buddy, but I'll never forget you. I'm just happy you are at peace now. Love you, Doug Townsend*
