“ *I am deeply saddened by the death of Arlene. She has been a friend to our family since we moved onto Orlando Ave. We have many fond memories from her responding to my son Dillon's invitation to a doggy birthday - she brought her dog to the party, the only one on the block to do so, to providing shelter to Dillon when he locked himself and our dog out of the house after school. I enjoyed our many chats on the street and would try to catch her going by on her daily walks. I did try to walk with her once or twice but, although more than twenty years older, she was too fast for me! I missed her very much when she left Orlando Ave. Her and Helen [Helmer] were the matriarchs of the street and it is very sad to think of them both gone this year.*

Bob and I offer our deepest sympathy to her children and grandchildren. She always spoke of everyone so fondly and loved the time she spent with all of you. May you cherish your memories of those times.

“ *I am so sorry to hear of her passing. Her and my grandmother (Helen) were legends on Orlando Ave, and I remember countless days growing up, stopping to say hi, and playing across the back yards. My grams appreciated all of her visits, especially last year. Mrs. Hurley was always a kind and caring woman who always looked out for us in the neighborhood. My family will be forever blessed to know her and appreciate all of her kind acts to all of us, bur especially on behalf of my grams. I hope she is at peace and her memory carries on.*

Love always, Casey Helmer
