“ My family moved on Normanside Drive in Albany in 2002 and I would always see Barry walking his dog on my street. He and I would have conversations on various topics, and I liked talking with him. He knew a great deal about the neighborhood, the City of Albany and indeed about quite a few things. I am very sad hear of his passing, he has a great family, and my family and I extend our sympathies to them. RIP Barry.

“ Barry was a great coworker, supervisor and mentor for me in my IT career. I always thought of him as an IT visionary. He could just see how everything should fit together. But most of all he was a great friend and lots of fun to hang out with. I enjoyed many hikes, camping trips, boating on Lake George, and pinochle games with Barry. Two hikes to the bottom of the Grand Canyon with Barry are highlights of my life. I will miss him greatly and will never forget him.
