“ *I have so many memories of Bev, they go back to us as young school girls in the Washington Park area. We reconnected years later & were next-door neighbors for many years, then again as co-workers, Bev never changed, she was friendly, helpful & always ready to lend a helping hand. I know she is at Peace and she will keep watch over all of you.*

“ *This may be a little long but well deserved. Growing up on a street like ours was unique. There will never be another neighborhood bond like we had. Everyone was like FAMILY. We celebrated holidays, weddings, anniversaries, together. It was something not many people can say they had and I am blessed to say I was. That being said, there were a select few that hold a special place in my heart. Bev (Mrs. Olander) was definately one of them. She ALWAYS had a warm smile and made AMAZING kool aid. She was an awesome mom to 5 pretty amazing people and wife to one incredibly cool dude. I was blessed to have known her all these years. She will truly be missed in physical form but will always be with us in spirit. Heaven gained an amazing angel. Rest easy Mrs. O.*

People don't realize that your watching. Watching and learning as you grow up from a child to an adult. You learn things as a kid from every one around you. Some things are good and some are bad. As human beings we are supposed to be able to separate the two, eventually. I've been around a lot of both. One thing I know in my heart is that I am a better person from being around my Aunt Bev. Her example of the way to treat, love, and take care of people is forever in my heart. Life to me is about the mark you leave on others. I believe she leaves quite a mark.

Bev, you were more than a sister to me. You were my best friend, confidante and advisor. You steered me down my path of life and when I messed up you would tell me "Don't worry we'll get through this and Nancy what's in the past needs to be left there. Look to the future now and think of all the things you have down that you should be proud of." You never gave up on me Bev and Before I became ill the phone calls between us were daily. When I got out of the hospital in April all I wanted was to be well enough to see you and I was shocked when you had Joe bring you to my house because you knew I wasn't well enough to visit you. That was 3 days after my discharge. I think you needed to see that I was going to be ok. And your coming here when you were not well yourself was just the kind of woman that you were, forever giving of yourself to those you loved. You are with the angels now and someday we will be together again. I will carry you in my heart forever. Love, Nancy

*Life is mostly froth and bubbles
However two things stand out
One, when a person shows kindness in the face of anothers
troubles and when a person shows courage in the face of their own!*

*And you Dear Sister, did both with Grace and Love
You will live in my heart FOREVER!*

*Love
Mary*
