“ *The fact that I remember "Mrs. Memmo" so vividly and so fondly from when I was just 6 years old (47 years ago) says volumes about what a wonderful woman she was. I think I spent my whole kindergarten year at her home, visiting daily. When she smiled at you...wow!!!! I loved it when she welcomed me into her warm and comforting home so often. She was so kind and loving. And what a great role model for a young person to see how strong and resourceful she was. In more recent years I was always stunned when she recognized me at Albany Medical Center and took the time to chat. My heart breaks for my childhood friends Letitia, Loretta and Marina and you and your families are in my prayers.*
