“ *Condolences to Joan, Kathy and the Graber family. I have such fond memories of Jim and Kevin from the many times that we would play golf at Schuyler Meadows Club. Jim was so proud of Kevin and his baseball career.. Jim would keep us up to date on where and how well Kevin was playing. Jim really enjoyed the game of golf. I would often see him on the practic range hitting golf balls. The years that I worked with Dr. Graber I can rember all the interesting and funny stories he would tell and how he was always there to help when you needed him.. Rest in Peace Dr. Graber##imported-begin##Anne R. Bailey##imported-end##*

“ *Dr. Graber had a profound impact on my life. I am grateful that he hired me to work for AGA some twenty five years ago. He was more like a father to me than a boss. I have fond memories of court side seats at Patroon games compliments of Dr. Graber. Also endless conversations about our shared love of the Yankees. Having founded AGA, his legacy will carry on forever. I will always remember him fondly.##imported-begin##Tom Gaughan##imported-end##*

“ *Condolences to all of the Graber family. My dad (Allan MacCollam) was Chief of Pediatrics at St. Peter's during much of your dad's tenure and knew him well, as of course Sr. Katherine. Dr. G. probably bowled with him at U.C. and did a few 19th holes with him at Schuyler Meadows. It saddens me that the "old medical guard" has retired and is passing along. There's something about that post-War and post-depression group which was different from medicine today, and not just technology. Thanks be to GOD for you dad and the thousands of lives he helped save.##imported-begin##Fr. Joel MacCollam##imported-end##*
