I love the video. It is a beautiful tribute for a beautiful woman! Joan touched so many lives, including mine. She always greeted me with a smile and a hug, making my day just a little bit brighter. In every conversation she would boast about her family, which only confirmed they are as beautiful as Joan. R.I.P. Joan, thanks for being a part of my life. Love and hugs to the entire family. I know there are no words to take away your pain. However, I hope the love and support of your friends and family help you through this difficult time.

What a beautiful tribute to your mother. I always enjoyed her involvement at my activities, with her beautiful smile and contagious laugh. I was very fond of her. When your mother moved in, she enjoyed all of the activities, of course BINGO! Your mother made others laugh, helped them & was sincerely kind to everyone. It was always nice to see your mother at the church services, her bright eyes, smile and loving greeting. She was so proud of you two and loved your visits, especially when she felt special having her hair done. I also, enjoyed your visits, whether it was joking around to make your mother laugh or a nice conversation, to see how you were doing. You were very kind to the staff and me. Please know your mother always spoke about you and loved you dearly. You have those great memories, keep them close to your heart. Thank you for sharing yourself and your mother with me.
