“ *Judy saved my life eight years ago at a Spousal Support group at Mater Christi church. I was not in a good place mentally after losing my wife Peg one and 1/2 years earlier. I was told to go to this group, I am glad I did. A few months later Judy and I started our relationship. We had a beautiful relationship . We traveled abroad, spent a month each year on Ft Myers Beach. We melded with our separate families. Both watching our grandchildren in sporting events. Attending dance recitals, graduations, etc. Most of all Judy and I enjoyed each other’s company, holding hands as often as we could, sitting in our living room watching tv or streaming, reaching over to touch fingers.*

I miss being with her and always will. Jim

“ I taught with Judy at AHN. She was in the room next to me. I taught Math and Judy taught Social Studies. We were not very quiet when we taught. Our voices projected. I learned more Social Studies from Judy than I ever learned in school. My deepest sympathy to Sue and Kristin. Judy and I shared many laughs.

I am so sad to hear of your mom's passing. She was so welcoming and hospitable to me growing up. I have wonderful memories of your mother and your home. You both have inherited your mom's great sense of humor. She will be greatly missed. Love to you and your families.

“ I am so sad to hear of Judy's passing. I loved her and thank her for all the guidance and support she gave me and more importantly my daughters. My girls loved and respected her. I would constantly hear about the awesome Mrs Flannery. She was everything Holy Names stood for. Thank you Judy for all of your love and support throughout the years. There are many young women that are better people because they were lucky enough to have met you. Job well done. You will never be forgotten.

Judy and I figured one day, that with my terrible Catholic School math, that over Judy's 24 years at Holy Names, she touched the lives of 3,000 or so young women. Whenever we would go out, dinner, shopping, sporting events...we were bound to "run into" a former student(s) and or their families. Judy touched so many lives, she saved mine when we met at a Spousal Support group.
