“ *It seems like this season has been one of many strolls down Memory Lane for me and now I find myself taking a turn back so many years to when Aunt Julia would come into our home breezing through like a breath of fresh air - always upbeat and calling a cheerful greeting. Usually she was accompanied by a bag of hand me downs to be sorted through to see what would fit who. That was the way things were done lo those many years ago - families and friends shared and cared. We (the kids) always hoped there would be time for she and Mom to sit and visit as we tuned in and enjoyed the company. It was a simple joy and a simpler time and Aunt Julia's visits were always special to me. She will be missed but she lived such a good life that more than anything there are many of us who were glad to know her and wish her well in this new endeavor. I imagine that the celestial celebration is something to behold - I believe if we listen closely we can hear the toasts being offered to welcome her at the Pearly Gates.*

“ *My heart goes out to the Tumonis and Larson family. I will always remember the beautiful woman that Nana was and how she impacted my life. I will miss her and I know she is safe with my Mom.

“ To Aunt Julia's children and grandchildren....Our condolences. I have a sadness to think that Dad's (my Dad, William Quinn) sister has passed and with her the last of their generation. I do believe that she is now with her brothers and parents and her husband, Uncle Jim. I can still clearly hear her beautiful, happy voice and know she is safe with them. Take care and I hope to be at the service. Noreen (and Mike)

“ How many of us remember Aunt Julia by the pool at Thatcher? (Or any other pool, for that matter?) With her great smile and joie de vivre, life was happy in her sphere. We all scattered over the years, but I'm so glad to have kept in touch, at least a bit, and was able to bring elder son and wee daughter to meet her this summer. She shared her cookies with my daughter, and put my very tall son to work retrieving a few out of reach items for her with his long arms. :-)

The last time I saw Aunt Julia was a few weeks ago, as I was on my way to swim at the Statue of Liberty. She was so enthusiastic about my adventures, and she will be in my mind's eye for many swims to come.
