“ Dear Michael, Patrick, and Jeffrey, my sister just passed on the sad news of the loss of your sister. I always felt we were the luckiest kids growing up to live across the street from your family. Your parents were so kind and generous to us letting us enjoy the fun of your swimming pool and treating us like an extension of your family. I have always cherished that special time the was shared with your family. I hope that you can be comforted in knowing your sister is no longer in pain and you can look back on happier times and memories. Our deepest sympathies go out to you in this difficult time.
