“ *Some people make the world a better place simply by being in it - your Mum was one of those people. She was light and hope and had inhuman strength to fight on. My Mum trusted her with the news that she was dying and was there as a wonderful friend, not simply a neighbor. Your mother was able to calm and comfort others when they were in need and I will never forget her. Mike, may you and your family know that love and prayers are being sent your way and hope it will help you find solace.*

“ I am truly heartbroken to hear of Peggy's passing! She and I were best friends at Countess Moore many years ago and had just reconnected through Facebook after 40 + years in the hope of seeing each other again!

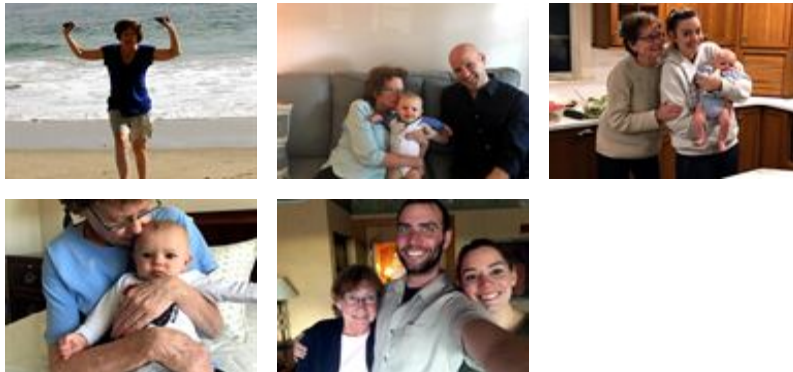

She was a wonderful friend, kind and loving, always choosing to do the right thing! I looked forward to her summer letters when she would go away- to White Lake- if I remember the name correctly. I am deeply saddened we will never get to see each other again, regret that I didn't make the trip this summer!

My sincere condolences to her family, may you find comfort in each other during this difficult time!

Peggy was a beautiful person, inside and out. We shared our crazy college times together at SUNY Cortland and later became pen pals and shared thoughts on marriage, the births of our children, life...I always hoped we would see one another again. I was happy to have a phone call with her a little over a year ago, and will cherish that forever. My sincere condolences to family and friends. I am certain she had many and will be missed. Hugs from me, today and always.
