

## Marianne Gable DDS

August 11, 1961 - June 29, 2024

Voorheesville, NY-Marianne Gable, DDS passed away suddenly on Saturday June 29th, 2024. She was born on August 11th, 1961 in Albany, New York. She is survived by her three children, Tim, Julia and Christopher, and her brother John. She was also loved by her niece Nell, her nephew Nat, and her great nephew Willem.

Marianne was predeceased by her parents, John J. Gable, DDS and her mother Mary McKeon, RN.

Nothing made Marianne happier than spending time with her children and her dog Scout. She was always laughing and smiling at the T.V.

Relatives and friends are invited to Marianne's Funeral Mass Friday, July 5, 2024 at 12:00 pm at St. Matthew's Church, Voorheesville, NY.

“ Like so many others, I am utterly shocked and saddened by the news conveyed in the letter from Marianne's brother. I, too, am a 20+ year patient who really appreciated Marianne's expertise as a dentist, but just as importantly, her humor, warmth and kindness. My sincere condolences to the whole family, but especially to her children who she loved and was so proud of. Not a single visit went by without an update about how they were doing and what they were up to.

“ Karen and I were surprised and saddened to learn of Marianne's death. We were her patients, and before her, her father, John, also also an excellent dentist. Marianne and her staff were like family, always inquiring about our children, and keeping us informed of theirs. We will miss her and her quick sense of humor. It's so hard to believe she's gone.

“ I was so saddened to receive the letter yesterday advising us of Dr. Gable's passing. She was my dentist for more than 15 years, and was always such a kind presence in the office. Her witty, fun sense of humor was always appreciated, as going to the dentist can sometimes be less than fun. I am so sorry for her family's loss, as well as that of her colleagues and patients. I know the office was like one big family, so this must be very difficult. May her memory be a blessing to all who knew her.

“ I just received the letter telling us of her passing. May her memory be eternal! I saw her after going to a dentist condemning a tooth he wanted to just pull and wanted to get a second opinion. Dr. Gable took one look and said the tooth could be saved. She saved the tooth and went to her for the last 7 years and referred many patients to her. She will be dearly missed. We are very sad...

“ I am so saddened as the passing of Dr. Gable. I loved her and by the way she interacted with patients and her office staff, you could tell that she was a very cool woman. I was never nervous about going to the dentist. Dr. Gable made her office a joy to visit. My condolences to her children, dog and family. Ellen m.

“ I am crying as I write this.

*I just got my letter from her brother and I cannot believe this. Dr. Gable was my dentist for years. I decided I wanted to go to a woman and I chose her out of a book. And I am afraid of dentists, cleanings, drills, needles, etc. But not with her and her staff. So for me to keep going was huge. My mouth was a hot mess.*

*We always talked about our dogs and how much we loved them. I remember when her yellow lab was getting on in years. We talked about that and how hard it was to watch her slow down. I think she called her "old girl". Then she got the Bernese Mountain Dog. One day Scout came to the office and she made sure I got to see her when I came in for my appointment for a cleaning because she knew how much I loved dogs. Of course, I melted when I saw this dog. So cute.*

*The funny thing is, the last time I came in for a cleaning. Marianne came out to the car to see my dog....a 3 legged golden mix. Then she hugged me as she left. I was so touched by it. I thought that was so kind of her. She never hugged me before. I have not been in since because I had knee replacement and you can't have dental work done for six months. Now I would give anything to have seen her one more time.*

*Marianne even told me one time "bring your dog inside the office". I said "isn't that against some DOH law or something". She said " I don't care....it's my office". Of course, I didn't. But it was nice of her to offer.*

*I have to see her hygenist next month. It is going to be hard for me.*

*And her kids - so proud of her kids and their accomplishments.*

*To her family and friends: I am so sorry. We are all so lucky to have known Dr. Gable.*

*Dr. Gable - I will miss you forever!*

“ *I just received a letter in the mail from Dr. Gable's brother about her passing. This is so shocking! I loved Marianne and she was the best dentist I've ever had! I had been her patient since 2005. No one will ever replace her, ever. Marianne I will miss you so very much. To her beloved family , my heart aches for you, I am so sorry for your terrible loss! I always enjoyed her stories about her family and her dogs over the years.*

*My last visit with her at the office was on May 2 of this year.*

“ *I am so shocked to hear of Dr. Gable's passing. Heartbroken! Dr. Gable has been a staple in my life for years! What started as a new dentist quickly turned into a valued trusted patient doctor relationship! Dr. Gable changed my life through her amazing care and compassion! She will forever be missed! Wishing her children, brother and Scout all the peace they can find!*

“ *God Bless You Marianne, Look over us all today. I have a patient in my dental chair this moment who just mentioned your passing. She commented on your kind soul and your attention to detail. Though she only had the privilege of your hands in her mouth twice, her comments warmed my soul. Though I never knew you, I am thankful she did. Thank you for being such a positive force in our profession. You were a leader of tomorrow, and your legacy will continue through future generations.*

“ *Hello family and friends of Dr. Gable: Please accept my sincerest apologies on this profound and shocking loss. Dr. Gable was my dentist for many years. She was always thorough and committed to excellence. Beyond that, her kindness, compassion, and humanity were always on display. I will miss that warm smile and friendly spirit, but most of all her presence.*

*To the family, you are being lifted in love and prayers.*

*Rest in Power Dr. Gable,*

“ Our hearts are so sad. Dr. Gable was our wonderful dentist. Marianne grew to be our friend over many years. She always took the time to connect on a personal level and somehow remembered who and what to ask about. So rare in health care settings these days. When we had a dental emergency in Florida this past March, we called. She called us back within an hour on a weekend, gave us great advice, and calmed us down. When we arrived back home, she of course saw us right away. She was a very special, caring person. She left us way too soon and we will miss seeing her smile and feeling how much she cared. Our hearts go out to her sons and daughter, her brother, extended family, and her staff. We hope our words help you all know how much she meant to us and to so many others. Sending prayers to help you through this very difficult time.

“ John, and all the family, I just am so, so, sorry to hear this news. Marianne and I met as children, and attended school together through HS, shared younger years on Burden Lake as well. John Sr. was my dentist first, as there was a long time family friendship. Marianne became our dentist too, so I have maintained contact for decades. She took such great care of me, and my son. We may have only seen each other a few times each year but it was always like it was just "yesterday". We always kept up on what everyone was doing and while I only met the kids years ago when they were very young, I feel like I know them and my heart breaks for each of them. I will miss her so much. God bless her. My sincerest condolences to all of Mariannes family, friends and co-workers.

“ Oh, this is such terrible news! Marianne was a very special person, who freely shared her positivity and love. She worked magic in her practice, all of which I know she learned from her dad (who looked to me like the Superman I used to watch on TV). Dr. John and Dr. Marianne took wonderful care of me my entire life, without pain... and I've got the beautiful teeth to prove it!

*I remember Marianne's many visits over the years to Dr. John's practice on Madison Avenue, where I went since I was 6 or 7. My most cherished memory of those years is a photo of Marianne and her friend that hung on Dr. John's wall. They were dressed as a tube of toothpaste and a toothbrush for Halloween!*

*"Chairside chats" with Marianne were always filled with loving stories about her children, her fur babies, and life events. But it wasn't all about her. She always asked about me, my family, and my life events. And it always amazed me that she remembered details, as I'm sure she did with her many patients. There was nothing superficial or distant with Marianne!*

*May God keep you all in His comforting embrace as you grieve, and may you feel the joy Marianne brought to everyone as you share stories of her life, well-lived, with love in her heart and a sparkle in her eyes.*

*RIP, dear Marianne.*

“ I was shocked and devastated to hear about Marianne’s passing. Over the years, I have been struck by two things about her. The first was that she always was so positive and believed that everything would work out for the best. I think this perspective helped her to be a bright light for those around her. The second was her dedication and love for her children. She loved to share their accomplishments and her pride in the people they have become. My condolences to her children and family for this deep loss.

“ I was in recently to have my cleaning and when Marianne came in to check things at the end, I reminded her that we each had a son, Chris and a son Tim. She smiled, and had remembered this from my previous visit. Her office was female strong, and everyone there was pleasant and professional. Condolences to her family, friends and patients during this time of sadness.

“ Marianne Gable has taken wonderful care of my teeth for many years. My first appointment was at her father's office on Madison Avenue, Albany. I was shocked and saddened to read her obituary in the July 2, 2024 Times Union. One day after a procedure she gave me a warm hug in her dental waiting room. I felt at that moment that she cared about me as a fellow human being. I also enjoyed all the dental assistants she hired, who gave me 6-month hygienic care (Karen, Maria, and Lee). I will miss Marianne and her dental practice. I felt that I was receiving the best dental care from Marianne. I am happy to have known Marianne and hope not to forget her.
