“ Dear Browne Family, I know you don't know me, but I worked for many years at AMH with your mom. She was a mentor, mother figure and gracious co-worker. I always looked forward to talking with her and hearing about all her children and grandchildren. She loved to tell me how you were all doing and it was very obvious she was very proud of her family and loved you all so very much. She was always such a "ray of sunshine". As I came into work and could hear her infectious laughter outside the lab door, I knew it was going to be a great day at work. Even on very busy, difficult days her enthusiasm and lively spirit carried us all through the day. I am so sorry for your loss, I know it has been a very difficult year for all of you, you are all in my prayers. Your mother was a very special person and she touched many, many lives. May you find comfort in all the good memories she has given so many people. There is truly more good in the world for her being in it. May God bless you all.
