“ *Bill, Timothy and family,
Deepest condolences from the Redmond family. My father was saddened to read about Marion's passing - he remembered having your family across the street for so many years. Growing up, we were the younger kids across the street, and you were the big kids to us. You were all good neighbors, and are in our prayers.*

“ When I started working at the eddy just slightly over 2 years ago, Marion quickly became the person I was closest with, and it stayed that way the whole time. She came to every single one of my groups and when the weather was nice I loved being able to take her out to the porch to enjoy the sunshine. It was hard going into work this weekend knowing that she wouldn't be there. She shared a world of wisdom with me and I will never forget a single conversation we had. She would tell me every day what a great job i did, and she was always trying to repay me for my time with minty lifesavers. But i would always tell her that there was nothing else i would rather do than share my time with her. Marion will always and forever hold a very special place in my heart and I will miss her deeply. Sending my deepest condolences, prayers, and love to Marion's family.

Sincerely,

Erica White (Heriatge House-Activities Aide)
