“ Please accept my deepest sympathies for your family during this difficult time. I have many fond memories off Karen while we were in nursing school together. She was a wonderful person, compassionate nurse and a pleasure to be around. Thoughts and prayers to her loved ones.

“ I am sorry to hear about the loss of your dear loved one. Please accept my condolences at this painful time. Losing a loved one is distressing and as comfort is needed from family and friends, we have assurance from the Bible that "death will be swallowed up forever" at Isaiah 25:8. It is my hope your family will find strength to endure during the days ahead.

Suzanne, Michael, Jimmy & David,
I'm so sorry to read about your Mom's passing. I was just talking about her days of babysitting William. She was an amazing person, always trying to take care of everyone around her. Aside from her children I think she was most proud of full filling her dream of becoming a nurse & nothing made her happier than being able to do that with you, Suzanne. She may have started out as a babysitter for William but it didn't take long for her to become a close friend to me and my family & I've never stopped thinking about her and it saddens me to know that I'll never see her smiling face again.

I hope your many happy memories will help you through the difficult days ahead,
Beate Curran
