“ *My name is Bruce Allen. I was one of Maureen nurses at riverside. In the 6 yrs I've been doing this I've seen several people come and go and to healthcare workers we become a little numb to the loss of your loved ones because we personally experience it so often, not to say that we don't build great relationships with these people but it becomes almost second nature, we expect it. That being said...Maureen was the coolest lady I've ever had the pleasure to hang out with. She was very funny and kind to everyone. it was hard for me to have a bad day with her around. When I found out Maureen had passed after I left Monday it took the wind out of me and that's when I realised how special she really was. It hurt me to know I wouldn't see her again. Just letting you know that the north unit staff loved and misses her. We are very sorry for your loss and thank you for sharing her with us.##imported-begin##bruce allen##imported-end##*
