“ *To the entire Leonard family, but in particular to Scott, Robin, Keira, Paige and Kevin: I had the opportunity to meet and spend time with your mother in her last days. And I feel that I am all the better for having had the chance to know her. Pat lived for her children and her grandchildren, but she was a friend to all that knew her. She had a special gift for making friends, and I hope to take a little bit of Pat with me in my work. My condolences to all of you, she will be missed; but she will be with always.*

“ Pat Leonard gave her knowledge away with enthusiasm! And she was a fountain of business acumen, resume and cover letter skills. She was a Godsend when I graduated college and helped me put together a professional image on paper and taught me the fundamental skills I would later fine tune and teach other graduating college kids. Her skills and passion for assisting others lives on through all of us whom she helped. I will miss her loving smile no matter her personal pain level. We were blessed to share time with her!
