“ *On behalf of our VI Class of '61 I extend our condolences for the loss of our classmate, Richard. Although many years have passed since we walked the halls of VI and our lives have led us in many different directions, there is a bond between us that makes us all feel the loss of one. We were taught and believe that we all have a soul that continues to exist after it leaves the body. We believe that the soul lives on after the body dies and that we will again be united with those we love in the afterlife. So, we live on, mourn and miss the one we lost, fortified by the belief that death is not the end but the beginning. Our prayers for strength and comfort are with the entire family.*

“ I are so sorry for your loss. I lived on Washington Avenue, right next door. I remember every 4th of July, Richard would ignite a cherry bomb between the houses so it would make a HUGE boom. I remember it every 4th of July and it always brings a smile to my face. I know you have lots of happy memories and hope they bring you some comfort during this difficult time.
