“ *Miss Sandy lit up every single room she walked into. She was such a helpful, caring soul who really was very welcoming to me when I started teaching at Hackett. She helped me through the murky waters of what it was like to be a new teacher in a new building. She loved to hear stories about my experiences abroad. We talked a lot about fishing, and lake life, and always asked about my husband and my family. She always asked to see pictures of the "triplets" as she called them. She watched them grow through film. She made me laugh, she was there to support your every need. Students gravitated to her and felt that she was a comforting place to lean on when they needed a break or someone to relate to. She was selfless, she was kind, she was someone who has made an indelible mark on my heart. Her presence is missed. That jovial laugh, that beaming smile, Miss Sandy I will not forget you.*

“ So sorry to hear of Sandy's passing. I worked with her at Hackett for many years. She was always upbeat, always smiling no matter what. Even though I retired a couple of years ago, I still have lots of good memories of how helpful and kind she was. Miss her.

“ Brian, Terrence and Jonathan -- I only knew Sandy briefly through gatherings at my home, but I knew she embraced life and really did light up a room. Brian, I know how much she loved you and your children through our talks at the Y. Although the times ahead will be difficult, please know that your friends are here for you.
