“ Loretta and family,

My condolences for your loss. I worked closely with Tom and developed a very personal relationship over the years. It was a difficult time when he had to retire and I am glad I had the chance to spend time with him a couple times after that. I am very grateful for Tom's influence on my life.

With my prayers,

“ Loretta,

I am saddened to hear of Tom's passing. I had the joy of working with Tom over a number of years as the designer of the laboratory spaces at SABIC. He always made my work easier by his vision and dedication to detail. I truly enjoyed the days where I was scheduled to visit him in his office space and he would share his stories, coffee and venison jerky with me. Both of our jobs brought stress into our lives and it was nice to have something to look forward to when I met with him. At the end, I no longer saw Tom as a client but more as a friend. He will be missed.

especially traveling to Poughkeepsie daily with Mike and Tom. Our

“ Loretta and Family,

Please accept my most sincere condolences and sympathies for the loss of Tom, but it feels simply not enough. Tom was a beloved and dear man. I worked at GE with Tom and then he was a client of mine when I left for SPEC Engineering. Tom was a consummate professional. He always focused on doing the right thing for GE/SABIC and ensuring the projects went well. Tom was one of my best clients to work and collaborate with. My fondest work memories will include starting the day early with Tom. He would bring bagels to these meetings and we would get more done before 8 am than most other days. However, Tom was so much more than a coworker or client to me. He was a man to look up to and emulate. He was very intelligent, a great critical thinker with common sense, confident, strong, hard-worker, and patient while teaching others. Always quick to smile or joke, and simply a pleasure to be around, even when things were going tough.

Tom was like a big brother to me, tough on me when I needed it and encouraging when I was down. I am proud to have known and call Tom my friend. I will always remember and treasure my memories of Tom. I am sure Tom meant even more to you and the rest of the family. Tom Mufale will be sorely missed.

“ Loretta,
I am so sorry to hear about Tom's passing. We were boyhood friends who shared many experiences over our childhood years. Tom was a great friend and will be missed. He was always very enthusiastic about the things he enjoyed. Selkirk was a wonderful place to grow up in. Tom always enjoyed coming up to Loon Lake with his fish pole in hand. Though our paths went in different directions, I will remember his smile and laugh. He was taken from us far too soon, but will be reunited with his family in Heaven. You are in my thoughts and prayers.
Sincerely,

Ken Mortensen

“ Loretta,
So sorry that Tommy was taken so soon. Have peace in knowing that he is now with his parents and sister. Tommy was a sincere, caring person who loved you with his whole heart. Our family is smaller today, but his memory lives on. God rest his soul.

“ Dear Loretta and family,
Pam and I are so sorry for your loss.
I miss our daily talks on the phone.
We had some great adventures at camp, snowmobiling, hunting,
and working on our camps together.
I remember when he and Tom Bartlett surprised us and came all the
way to camp to help me put the tin roof on when it was only myself,
Pam, and my son...who had no idea what we were doing.
Pam and I will always remember Tom as a good man and great
friend.
He will be greatly missed!
Sincerely,
Swede and Pam
