ME

“ Grandpa you were the most amazing man in my life and you were the father I didn't have. You taught me so much and I will never forget any of it. You taught me how important family was and you taught me to be tough no matter what life throws at me. I will miss all your stories and messing with your head :) but most of all your smile. I know your safe and finally out of pain and we no longer have to watch pain consume your life because your had so much life in you and I guess that's what hurts the most. But I know I will see you again some day and until then enjoy your time grandma and my uncles and one day we will all join you and be together again. RIP and fly high grandpa ??

“ Uncle Bill I will miss you very much. We had a lot of fun and laughs. So many memories going camping and watching games together. You are one of the best uncles I ever had. I know you are up there looking down with Aunt Addie and grandma. I cherished all the times we had together playing cards and playing pranks. I will never forget you. I love you Uncle Bill. Thank you for all the fun and memories. I wrote these two poems for you.

### *Goodbye My Friend*

*Goodbye my friend. I know this is not the end. We will see each other again. It will be in the next life. But I know you will be with me the rest of my life. So enjoy the time with your wife and all our family. You are an awesome uncle to me. I know you will be watching me. I will carry on just like I always do and I will never forget you. Wish I could of spent more time with you. But I know you will be waiting for me when it's my time. I know your looking down when I see that sun shine along with that twinkle in the stars. I know your are sitting there having the time of your life catching up on old times. Heaven needed a hero so the lord said it was your time. Your love will shine through all of us. So go rest high on that mountain and tell the family I love them and I know you will always be listening. So I will never stop talking. So I end this by saying Goodbye for now my friend I know this isn't the end.*

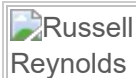

### *Heaven got another angel*

*Heaven got another angel today. He lifted up and flew away. He will now watch over us every night and day. I will miss you every day. We had so many memories and so many laughs with the pranks we played. Then all the poker we played. We had a lot of fun times. Now your in heaven and looking down without a frown as you are sitting there looking down. Yes we will cry and grieve but we know it was your time to leave. But I know you will always be here with the*

*rest of the family and I and yes tears filled my eyes. Tell Aunt Addie I said hi and miss her to. Tell Bobby and Mike hello to. I write this poem for you. I'm going to miss you. Thank you for the fun times camping and playing basketball. I'm going to miss all your fun stories and watching the games together. Me you my dad and uncle Tom were like birds of a feather. So be with the lord and have a fun with all your friends up there. I will see you when I'm old and make it up there. I love you always and keep thinking about you. I will never forget you. When I'm alone I will look up and say hello. Because I know you can hear me. Say Hi to my grandmother Gert and my grandfather to. Tell them I love them to. So fly high with them angels let them wing spread. So here is where I end with I love you and I will miss you. RIP Uncle Bill*

“ I remember all of the stories you would tell me, about anything that crossed your mind. I will continue to work hard and get awards for track and play my trumpet because you always cried happy tears when I played or showed you my awards. You were such a good man and revolved your life around your family. You'll be deeply missed. Rest in eternity papa ??
