“ *We are so missing our dear, dear Bill. Whenever we pass by your Cape Cod house, we will remember all of the teasing, laughs, wonderful food, and wonderful friends. You shared your dear friends Tom and Jane with us; you shared our first grandchild with us; and you never, ever missed a birthday or an anniversary. May you watch over us all with your slight smile knowing all the while that we are just moments behind.*

“ *My Grandpa Bill loved his family, loved to fish, and loved life. He always put others first, was never selfish, showed compassion and lived life to the fullest. He was one of the best men I will ever grow to know. If I learned anything from him it would be never expect the expected, always give it your all, never give up, and no matter what gets thrown at you, good or bad, take in strides never ever loose faith or what is most important in your life. We just recently spoke and he joked how he had to catch a bass at least half the size of his great granddaughter's. He always seemed so happy to hear how they loved to fish and pick berries, telling me stories of when he was a boy. My girls will miss him as will we all. I love you grandpa, you will forever be in all our hearts and I thank you for the love you have graciously bestowed upon your grandchildren and great grandchildren, your family and friends. I will forever be grateful for your unconditional love and understanding. May your rest in peace and at the thoughtfulness and love you showed others be in our hearts forever amd always. You will be greatly missed, always loved, and never forgotten.*

“ Dear Thomas family. I am very sorry to read of Bill's passing. I'll always remember his big smile and great hugs every time we got together. His great mom, Marnie, was my first cousin. I remember years and years ago family events where he and Charlie were the life of the party and little sister Susan was a real cutie. He was a great cousin and will really be missed Peggy Jones Miller

“ Donna and Family,  
What can I add that has not already been said. Bill was a great guy and I enjoyed his company on our annual and semi annual fishing trips over 20 years. He was a great fisherman and always seemed to catch the majority of the big fish. Even though I am not the best of fisherman he always had the patience to help me land a fish. I will miss the dinners we had with him at the Clipper and all the time we spent together. RIP Bill knowing you touched many lives.

“ Donna and family

We where so sorry to hear of your loss. We so enjoyed sitting and talking to the two of you . Bill will be missed but never forgotten. May he fly among the Angels . He loved to travel. Before he would leave he would come over with the gleem in his eyes and tell us to keep an eye on the house. We loved seeing Donna and Bill come into the Brideway to play cards with our family.. Bill, Pat, and Donna have been such great neighbors. Always giving a wave , visit, or a quick Hello. Biill's smile is somthing that we will keep in our memories forever.

“ Bill and I grew up together in Prospect, went to Prospect grade school and graduated from H.P.C.S. in 1958. We played fast pitch softball together, he at shortstop and me at second base. We played ice hockey at the skating rink in Prospect along with Ace (Charley) and the other boys our ages (14 to 18). We also played football on the Quarry property behind the Thomas house on Trenton Falls Street and basketball in Hegeman's barn. We did some fishing together on Jenkins Brook and wood-chuck hunting on some of the local farms, though Ace was a much better fisherman than either of us. Bill, the late John Fort and I shared a room on our senior trip to D.C., where we proceeded to get into trouble by heaving water balloons out our hotel window. This is the same trip where Jim Van Brown appropriated a night stick off a D.C. policeman's motorcycle, while Bill, John and I stood watch should the cop return. Bill and I tried our hands at making hard cider and moonshine, not very successfully though. We didn't have the proper equipment. We were in the Boy Scouts together, along with most of the Prospect and Hinckley boys and John Sackler from Remsen. Prospect was a great place to grow up during the '40s and '50s. I think that the last time I saw Bill, where we had a chance to rehash the past was at the Prospect Centennial in 1990 in Prospect Park. I saw him again when his mother passed, but not to really talk to him. Bill had a sunny disposition and was friends with everyone.
